W. T. Gilmore, who for the last 4 months from the 1st of October has been doing business in Nanaimo, B.C., will be there after time to be engaged in both branches.

See that horse?

He has smooth and glossy coat, feels in good enough condition to win the "Derby" and would very likely lose if its owner used
Dick's Blood Purifier.
It renews the system, enriches the blood and gives nature a fair chance. Is also an unfailing eradicator of lice and worms. It is just as good for cattle as for horses. Try a 50c package if your horses or cattle are not thriving. For a spavin, curb, ringbone or splint, use Dick's Blister, 50c—Dick's Liniment for strains, swellings, bruises, etc., 25c—Dick's Ointment for scratches, old sores, saddle galls, etc., 25c. mailed on receipt of price.

THE SCHOOL QUESTION.

To the Editor of the Times,

SIR,—I am glad the chairman of the East End Separate School accepts my last letter as positive and that he is sufficiently convinced to allow of his suggesting that the public should be impressed with its contents. It is true he objects to my tone, that is natural, and I regret me to some serious character. His experience as a member of the board he represents is no doubt sufficient excuse for this apparent ignorance. He urges that further grievances be published. I fancy the letter signed "East End Ratepayer" should satisfy him that large additions to my original letter could easily be made, and "Critic" would seem to be impressed with the importance of his paying more attention to conditions brought about by the Separate School System of the town before he can hope that his original excuse of ignorance will be generously accepted as argument in the present controversy. I quite agree with Mr. Lacroix, it would have been better had he remained silent, had he done so he would not have exposed himself, and the public might now be less interested in looking up the records of the several Separate schools situate within the town municipality.

JUSTICE.

BESOM AND STANES.

The present has certainly been an almost ideal season for the grand old sport of curling, just about as near perfect curling weather as the most ardent and enthusiastic curler could wish for. A happy medium between the digestible extremes with whom Eastern curlers have to contend. With but one or two exceptions every day has been a "play day," and this fact doubtless is one of the chief reasons why the curlers of the West are so much in advance of, at least believe themselves so much in advance of their Eastern brethren in practical knowledge of the fine points of the game. Though our curlers do not sleep on the ice, as some in the East assert, they do have almost every day to practice and test their merits from early December until—well—late on in the present month, and in exceptional seasons the play has been known to go on until near the middle of March. No slush or water to mar the sport or bar the passage of stanes in their journeys from "neck to toe" but all day long on every day the keen bright ice remains wooing and inviting men of every class, rank and creed to come and spend the leisure at their disposal in friendly contests upon its shining surface with the "besom and stanes." Deprived of its rink by a combination of circumstances the Saskatchewan Curling Club has for the last two seasons secured the use of a rink presented on the river, by enterprising citizens. This year special accommodations were made. A large sheet was flooded and ridged round with tall pine trees, and a comfortable waiting room constructed so that as nearly as possible under the circumstances, all that could reasonably be asked for was provided. Many will be the pleasant recollections of the great games played over its perfect ice when the rattle and roar of the approaching break up is heard a couple of months hence when the "shining surface" will have paddled its own canoe down the river, when, perhaps, under the softening influence of the April sun the shouts of "Soop her up," "you're a curler," etc., may greet the sympathetic ear of Mr. McFarlane as the good old ice passes his lonely home at Cumberland. Increased interest has been shown in the game in Prince Albert this year, and "bonspeils" are numerous. The rinks that have played so far have resulted as follows. There remain the following yet to be played, and no doubt they will be interesting, keenly contested games.

Bonnet Match—Presented by Mr. J. Sanderson—four bonnets for winning team.

Married vs Single.—This trophy about which there was some doubt as to whether or not it had been finally won, has been good naturedly handed back to the club by Capt. Smith, and S. McLeod.

Grit vs. Tory.

MATCHES PLAYED 1894.

President vs. Vice-President—Won by vice president.

Clarke Medal—Won by A. A. B. Spence winner to hold medal for one year.

Campbell Trophy, a very handsome silver tankard, presented by Mr. T. N. Campbell, finally won by F. W. Kerr.

MELFORT.

The weather for the last few weeks has been fine and not too severe. The roads are greatly improved by the sufficiency of getting water where there was none.

Last Saturday night our A. H. gave a party which was largely attended and honored by the presence of our M.L.A. The dance was kept up till a late hour.

PRINCE ALBERT, FEB. 9, 1894.

MANITOBA AND NORTH WESTERN RAILWAY.

The *Minneapolis Tribune* has entered its protest to Parliament against granting the concessions which the company has given notice it will seek at the next session of Parliament.

The *Tribune* believes this road will only be a paying concern when it is extended to Prince Albert. As far as we are aware this is the general opinion of the people who are depending on the proposed extension, and it is a thousand pities the shareholders and managers of the railway do not see the matter in the same light.

An impression has prevailed in some quarters in the past that it would be unjust to the promoters of the railway to keep them strictly to the terms of their charter, which originally called for the building of fifty miles of road yearly—subsequently reduced to twenty miles. Attention was frequently called to the Allans of Montreal, whose interests it was said would be seriously damaged by the passage of measures imposing the fulfilment of the original and amended conditions contained in the charter. It was then thought to be in the best interest of all concerned that every possible favor be granted to the company. This impression, we believe, has entirely faded from the mind of every one, excepting perhaps some of the members of the company. The more reasonable view now obtains that on the interests of the hundreds of families who are depending for present and future prosperity to a large extent in the facilities which this extension would afford no further delay may be permitted to occur. Every appearance of a reason for delay has disappeared, and it is impossible to think and hope otherwise, than that Parliament will refuse point blank to grant the company's present petition.

It is difficult to overstate the injury or foresee the results which another season's delay in providing this long promised railway may occasion. In view of the Ottawa meeting early next month it is time, that active and energetic steps were taken to lay the views of the people of the affected districts before Parliament and in such a manner that every member's attention be directed to the matter. Our members hands must be strengthened by petitions and resolutions. The people, many of whom settled between this town and Yorkton on promises held out to them that this road would be built, have a right to complain. They are doing so, and the Parliament of Canada has the power to redress the grievances which are the cause of complaint.

PROVINCIAL AUTONOMY.

Mr. Taylor's letter on the subject of Provincial Autonomy for Saskatchewan in our last issue was demonstrative of one point at least, that is that Mr. Taylor has the ability to discuss intelligently this important question as well as others which his ready and facile pen has touched upon. Without in the least resorting to abuse or endeavoring to place those with whom he finds himself at variance, Mr. Taylor defends his own position and puts the blame for inactivity in the matter of pushing Saskatchewan's claims for Responsible Government upon the shoulders of those whom he believes deserve it. While THE TIMES has said this much in favor of Mr. Taylor, it is unable to speak favorably of his propositions. Mr. Taylor's speech at the meeting of citizens held last winter was no doubt an able plea for larger powers of government, and had it come as the unanimous voice of the people of this large district, it is reasonable to believe that some attention would have been given it by the Dominion Parliament. But when we the facts in connection with the feelings of people not resident in Prince Albert a committee was formed, correspondence opened up between the committees and representative men in every part of the proposed province. The replies received were few in number and most unsatisfactory in character and we believe almost without exception entirely unfavorable to the

people of Prince Albert—we believe the majority of our business men and others were in accord with Mr. Taylor's views, which is but paying a compliment to it at gentleman's skill and energy in placing his views in such a light that conversance with them meant in the majority of cases accord. But the fact remains that but very few people outside the town paid any attention whatever to the efforts that were begun here, and Mr. Taylor has most unreasonably, we think, brought the representatives of the district under his censure. Had they made promises that the subject would be ventilated, or commenced the movement from the beginning, the reverse might be said. Only one of our members was present at the meeting of those who were prominent in the movement. The others were and are yet known to be much opposed to Mr. Taylor's scheme of provincial autonomy, and would it have been expedient for one member from Saskatchewan to have stood alone and aloof from his colleagues and advocated a proposition which would have met with—if not ridicule, at least supreme indifference—from his brother members and the entire Assembly. So censures a Mr. Taylor the member for [illegible] he passed over in silence only to again Mr. Taylor may to his wrath consider Mr. Betts' course as wrong and improper. If so, would be the latter's best course to mend rather than defence but in the present menace to the stock upon his public acts though mild, a undeserved and one has shown the wisdom of having used a more convenient season the question of provincial autonomy for Saskatchewan

BISMARCK AND THE EMPEROR.

Emperor William gave Bismarck a royal reception. It is said the young Kaiser never does things by halves. He certainly has left nothing undone in this instance to make up for the long estrangement of the Fatherland's patriot in his country from the affairs of state. When the ex-Chancellor was cast into outer darkness, some of our readers may remember London Punch published a striking cartoon entitled Dropping the Pilot. It showed Prince Bismarck slowly descending the ladder at the side of a giant vessel, while peering down upon him from above was the face of a young captain who had just taken full command. The ability of state in the hands of Emperor William and his chosen advisers has not since encountered any storms. In fair weather the decision of the recent general elections, when the army bill was passed and the ship provisioned for another voyage. But now the weather is threatening and the outlook dangerous. The wind knows little but summits much of the hopes and fears of the European governments at the commencement of this year of grace 1894. From the German standpoint the storm seems to be blowing up east and west. The captain's courage has not failed, but time has subdued the confidence which he felt in his own strength four years ago. He has sent for the old experienced pilot once more, and for the cut treatment of the past has bestowed upon him unusual tokens of affection and good-will.

CANADA AND AUSTRALIA

One of the first fruits of Mr. Bowell's mission to Australia is seen in the encouraging address delivered by the representative of Queensland at Ottawa on Saturday. Sir Thomas McIlwraith speaks for one of the leading colonies of Australia, and it is no slight thing to have kindled in another powerful British community across the sea such friendly sentiments and such cordial appreciation. The speech of this Australian statesman will doubtless travel back to his country and will do not a little to enhance the good opinion Australians already hold of Canada and from this mutual respect and desire for closer intercourse may grow important results. Only a very short-sighted man will fail to see the immense significance and possibilities of a commercial and friendly alliance between two countries so immense in area and so richly dowered as Canada and Australia.

Why this mad scramble after wealth in the belief that it will bring repose? There is the Czar of Russia; he has an income of $12,000,000 a year, $1,000,000 a month, yet he has to sleep in a dynamite proof safe and to travel in a shot proof carriage, lest some of his loving subjects efface him with a bomb. No, wealth and position are not the bases of happiness.

Canadians should feel particularly thankful to the American coal kings. The latter have decided not to advance the price of coal.

For the Good of Others

Rev. Mr. Williams Heartily Endorses Hood's Sarsaparilla.

We are pleased to present this from Rev. A. A. Williams, of the Sillsbee street Christian Church, Lynn, Mass.:

"I see no reason why a clergyman, more than a layman, who knows whereof he speaks, should hesitate to approve an

Article of Merit

and worth, from which he or his family have been signally benefited, and whose commendation may serve to extend those benefits to others by increasing their confidence. My wife has for many years been a sufferer from

Nervous Headache

for which she found little help. She has tried many things that promised well but performed little. Last fall a friend gave her a bottle of Hood's Sarsaparilla. It seems surprising what simply one bottle could and did do for her. The attacks of headache decreased in number and were less violent in their intensity, while her general health has been improved. Her appetite has also been better. From our experience with

Hood's Sarsaparilla

I have no hesitation in endorsing its merits."

The amount of noise the Americans are making about the attempt being made to bring them under monarchical tyranny in the shape of an income tax, might lead some to suppose that they all enjoyed $4 000 a year and over but as it is well known that the majority of the inhabitants, not omitting the prize fighters, are on the broad way which leads to the poor house, the noise seems to be quite unnecessary.

The eye that sleeps not wasn't on duty at Rio on Thursday night last, when the rebel cruiser Aquidaban ran the forts and dropped anchor in the harbor. Admiral Da Gama has now a large force under his command, and the rebel cause is looking up. But these South American rebellions are uncertain in that "under which flag?" is a question requiring a different answer each day.

Vaillant, the Paris bomb-thrower, who at first scorned suit for clemency, but who afterwards came to the conclusion the life was worth living, even to an anarchist, and asked to be spared has been denied mercy, and he will be executed as a warning to all evil doers. It's hard on Vaillant, but he should have thought before he dropped the bomb into the Chamber.

Mader Pasha, the Egyptian minister whom the British forced the Khedive to dismiss, will be madder than ever at his retirement.

GENERAL NEWS.

A grand military sham battle took place on the Plains of Abraham and was witnessed by thousands of persons on the estade, a great many of them visitors from the United States.

Washington, D C., Feb. 1.—Immense crowds flocked to the house to-day and the galleries and corridors were filled. There was a full attendance of members on the floor, but thirteen members out of 357 being absent from their seats when the vote on the final passage of the tariff bill was taken. The greatest enthusiasm was engendered by speech by ex-speaker Reed, Speaker Crisp, and Chairman Wilson. Mr Wilson was took up and lifted bodily on to the shoulders of his democratic admirers. The bill was reported to the House at 12 o'clock, and the final vote on the passage of the bill was announced at 5:35, being passed by a vote of 240 to 140. There were many exciting and interesting scenes during the day.

General Herbert has made his annual report to the government upon the state of the Canadian militia, but Minister Patterson is said to be opposed to its publication because it contains some severe comments on the government management of the force. Patterson wants Herbert to modify his report, but this the general is not inclined to do.

Full returns of the civic election received show that Ald S N Villeneuve has been elected over Hon James McShane by 176 majority, the total vote standing: McShane, 11,722; Villeneuve, 11 898.

The births, deaths and marriages that took place in British Columbia Salvation Army officers are to be given the legal right of christening, burying and marrying and other privileges enjoyed by ordained ministers of the Gospel.

Geo. W. Brown, of Port Arthur, has purchased the Steamer Cambria from the Port Arthur and Baltic Steam Packet company. He will run her during the season of 1894 between Windsor, Sarnia, Manitoulin Islands and the Soo, Mich.

Thomas Macdonald died at Maloe from the effect of injuries received while riding down hill on a sleigh.

Canadian Knights of Labor are likely to secede from the general assembly if the membership of the order is any indication of the feeling throughout the Dominion. At a general meeting of the members of the order dissatisfaction at the last general assembly was freely expressed and many declared that not a cent of their money would be sent across the line while affairs were in the hands of an administration so unpopular as Secretary Hayes was believed to be.

Lieutenant-Governor Mackintosh's royal progress through Eastern Assiniboia culminated at Moosomin, where he was received with great enthusiasm. In the afternoon his honor held a reception, and in the evening a banquet was tendered him by over one hundred citizens and neighbouring farmers.

An order-in council has been passed granting a portion of Congo, in the Lake of the Woods, to the town of Rat Portage for the purposes of a public park.

Mr. Meyer, Danish vice-consul at Ottawa, states that the refusal of the King of Denmark to sign the new Icelandic constitution, will stimulate emigration from Iceland to Canada.

The London Times is showing a good deal of interest in Canadian affairs and is publishing a series of articles on the Northwest, for the benefit of intending immigrants. In a leading article says that all reports from the Canadian Northwest agree in stating that everything indicates steady growth, such as it required for the fuller consolidation of the Dominion.

The latest bulletin issued states that the Czar's pulse is firm and regular. The inflamation of the right lung, which was the one affected, has entirely disappeared. His Majesty has been having a good sleep and his appetite has improved.

Merlino, the most notorious of the Italian Anarchists and the colleague of Cipriani and Malatesta, was arrested in the public gardens in Naples. He recently arrived as a priest. When he was [illegible] away, but he stumbled over the train [illegible], fell and was seized by a policeman before he could rise.

A petition by the American Bell Telephone company has been filed at the State House asking for leave to increase the capital stock of the company $30,000,000. The total capital thus increased will be $50,000,000.

In his speech in reply to the address of welcome at Coburg the Duke of Saxe-Coburg and Gotha said: "I pray God bless my efforts to strengthen the spirit of law and order and my people's love to the fatherland and to promote the welfare of all citizens. I hope that I shall be permitted to govern in peace as a German prince." The popular reception of the Duke was enthusiastic.

WASHINGTON LETTER

(From our Regular Correspondent.)

Washington, D. C., February, 1894

THE HARD TIMES

are felt a little in Washington. A lull in the building trades causes complaint. The city has had a large excess of servants since the close of the war; it always has destitute office seekers and is favored by tramps and cranks. On the other hand the numerous office holders are sure of their salaries, silver or no silver, tariff or no tariff. There are also many wealthy people whose manner of living is not seriously affected by financial disturbances. They may not go to Europe, nor indulge in other luxuries as freely as usual but they patronize the grocer, butcher and tailor and keep a company of servants and in other ways contribute to the living of the population.

THE MILD WINTER

is favorable to the poor. Once only has the snow hid the color of coal and then but for a few hours. This is unprecedent except by the local dealers and especially by those poor creatures who depend upon raking rich heaps for their meagre fuel. There is, however, suffering, and charitable people are awake. Thousands of dollars have been raised by new paper enterprises, private solicitations, charitable entertainments and by associated charities and various missions. This week every able family will be invited to give by a committee or ladies assigned to all parts of the city

PETITIONS

are pouring into Congress, in large volumes for and against tariff revision, but mainly against it. They have not, however, had much effect, for the House steadily refuses to alter the Wilson bill. The opponents of the bill hope to amend it extensively in the Senate. The House will not agree to the bill that will pass must be fixed up next summer by a Conference Committee. Next summer worry for the Senate has vetoes clature for the present. The Federal elections bill, Hawaii and other topics will of course, consume weeks, and other weeks will be spent in debating the tariff.

DIPLOMATIC RELATIONS

with Hawaii are strained. Minister Willis was sent by the President to his "queen and goal" friend Dole of the Provisional Government, but with instructions to restore the Queen if practicable. Willis had private conferences with the Queen and her adherents boasted that she would be restored. The Provisional Government prepared to fight and refused absolutely to accept President Cleveland's wishes. Mr Dole setting forth the alarm and injury occasioned by Mr. Willis's procedure, requested in writing to be informed as to his intentions. Willis asked in reply for a bill of particulars. Thereupon Dole having seen Cleveland's message turning the matter over to Congress writes to Willis that the message furnished all information desired. Willis wished to suppress the correspondence, but Dole refused and he there is naturally a coolness at Honolulu and Minister Willis is practically *persona non grata*. At the end of the business President Cleveland has sent the correspondence to Congress and characterised Dole's letter as "extraordinary." He also snubs the Hawaiian legationby conspicuously withholding the usual courtesy of an invitation to a state dinner. It is clear that Columbia can be nothing more than a sister to Hawaii and that an independent republic or some other form of national housekeeping is her only refuge.

CAPITAL.

Why Hood's Wins.

President Lincoln said, "You cannot fool the people a second time." They are too quick to recognize real merit or lack of it, and cling only to those things which they find to be what is claimed for them.

It is specially gratifying that the sale of Hood's Sarsaparilla increases most rapidly in those sections where it is best known.

The inference is plain. Hood's Sarsaparilla has proven that it possesses genuine merit. It maintains a high standard, which others cannot even approach. It is the people's favorite blood-purifying and building up medicine, and is more popular this year than ever. All this Because Hood's Cures.

Hood's Sarsaparilla has cured many afflicted with rheumatism, and we urge all who suffer from this disease to give this medicine a trial.

How many persons know that Ripans Tabules, now so largely advertised and used, are simply the favorite prescription of their family doctor, prepared in a scientific manner and a form convenient for handling, conveyance, observation and use? In the great hospitals of the metropolitan cities where the wealthy find better care than in their own luxurious homes, the ingredients of Ripans Tabules are administered to thousands of rich and poor alike with beneficial effect. They are the main dependence of the prominent physicians in cases of derangement of the digestive organs, such as dyspepsia, constipation, biliousness and other ills connected with the stomach, liver and bowels. For some years one of the principal hospitals in New York City has used a formula, differing slightly from the common one, that has been found of unusual efficacy. Through the recommendations of physicians its mission of healing has been so widely and rapidly extending that it finally seemed desirable to prepare the prescription in a convenient form, so as to make it available to the whole public at a moderate price, and to announce the fact through the recognized medium of newspaper publicity—advertisements in the columns of the newspapers of the land. This has been done, and now the time is not far distant when every family of intelligence will be as certain to possess a supply of Ripans Tabules as a clock or a cooking stove. They are already to be found on sale almost everywhere, and any druggist or dealer will supply them. A box, containing six vials is sold for 75 cents, and a gross package, containing four boxes, for $2. They will be sent by mail, post paid, to any address on receipt of price, by the Ripans Chemical Company, No. 1 Spruce St., New York.

We are under the necessity of informing our costumers and the public in general that from this date forward we will positively refuse to extend credit for anything in our line of goods, unless by special arrangement. We are forced to this decision by the accumulation of small accounts which in the aggregate means a great deal to us. Individual purchases are usually for small amounts and we think it within the reach of everyone to comply, especially when our prices are so fair and reasonable. Drugs. Patent medicines, Toilet articles, &c., as well as all prescriptions filled by us must therefore be paid for at time of purchase. We think this course will eventually prove mutually benificial, and will positively not deviate therefrom.

REVIVAL SERVICES.

The evangelistic services in St. Paul's Presbyterian church are to be continued for some days longer. Rev. Mr. Carmichael, who has assisted the pastors of the Methodist and Presbyterian congregations in conducting the services, left yesterday for his home in Regina followed by the good wishes of the many friends who have made his acquaintance during the past two weeks. These services have been well attended and the interest shown in them leads to the belief that a great amount of permanent good has resulted. Rev. Messrs. Rochester and Cook have labored in earnest sympathy and union with each other to make the meetings successful, and Mr. Carmichael's presence and assistance in the work, has been productive of much good. 'SIX MONTHS IN HADES,'

A truly marvellous tale of today.

$1,000 PRIZE NOVEL IN GREAT SUMMER NUMBER (8) OF

TALES FROM TOWN TOPICS, JUST OUT.

In addition to the prize story of 150 pages there are fifty racy short stories, sketches, poems and witticisms from the old issues of "Town Topics," that famous and spicy New York journal known wherever English is read. No book published this year will afford such delicious entertainment for hours of summer leisure and travel.

What "*The Independent*" says:—"Once again New York's fashionable society quarterly volume, 'Tales from Town Topics,' has made its appearance. The tales are spicy and the topics inexhaustible. Some of the tales skirt along the very edge of danger, but a firm hand holds them back within the bounds of a wholesome sense of propriety."

All newsand bookstands or send price, 50 cents, to TOWN TOPICS, 21 West 23d Street New York.

$1 pays three months trial subscription to Town Topics and you will get any back number of Tales from Town Topics free.

Town Topics $4 per year.

Liberal club offer: Town Topics and "Tales From Town Topics" will both be sent one year for $5.

Town Topics the great 32 page weekly, is universally recognized as the most complete weekly journal in the world.

Its "Saunterings" columns are inimitable. Its society news, especially of the doings of the 400 of New York, Boston, Philadelphia, Chicago, and all over the world, is not equalled by any newspaper. Its Financial Department is authority with all bankers and brokers. Its "Afield and Afloat" makes it the most interesting paper for all lovers of sport—yachting, foot ball, rowing, shooting, fishing, etc. Its "On the Turf" excels all other racing news. Its burlesques, poems and jokes are the cleverest. Its stories are by the best writers among them Amelie Rives, F. Marion Crawford, Julian Hawthorne, Edgar Fawcett, Jerome K. Jerome, Gilbert Parker, Mary J. Hawker ("Lanoe Falconer"), [illegible] Paul Bourget, etc. etc. etc.

CASH FOR CASH.

Our cash sale will be continued till the 20th Feb. No reserve will be made. Throughout the store the highest cash price asked will be actual cost prices. Many lines even less than this.

You'll perceive that there is quite a difference between 20 per cent off and cost prices. twenty per cent off is not nearly such a bargain as quotations we are now making because you buy as we buy.

Of course selling at such prices as these you suppose cash transaction, we have a host of accounts which we consider as safe as cash but there never was a credit sale as good as a cash deal, during this sale there must necessarily be two prices.
